S&H Green Stamps

help keep VIRGINIA PRICES DOWN

Like the ads of local merchants that you see in this newspaper, S&H Green Stamps boost business. At the same time they help keep prices down.

Here is why: When a store sells *more*, it can sell for *less*, since bigger volume brings *lower* costs.

Stores that use S&H Green Stamps must sell competitively. Virginia housewives are expert shoppers. They read the ads. They check and compare prices. And they can't be fooled!

Trading stamps are being saved today by two out of three American families — about 35 million in all. And their use is still growing in this and other States.

The Sperry and Hutchinson Company—America's oldest and largest trading stamp Company — would like to tell you more about how trading stamps help you and your community. Write for our booklet: "How S&H Green Stamps and the Trading Stamp Industry Help Virginia."
